

Nurses who are in practice have first-hand experience regarding the effects of nursing healthcare laws and regulations in providing quality care, and soon to be nurses will find out quickly. This gives the nursing community a unique perspective on health care policy and advocacy. ANA\CA is an advocacy organization charged with using these insights to set policy and influence nursing and health care legislation. On Monday, April 16th 2012 ANA\CA will host the 2012 RN Lobby Day which will give nurses and students the tools they need to do just that. Join us for this exciting hand on event in Sacramento, CA and learn how you can participate in the legislative process.
